

Hi there, My name is Rick Lightsey and I have been in the alligator business for over 20 years. I am second in three generations of alligator hunters and processors and I would like to purchase, process and or taxidermy your alligators.

Whatever your needs are, we are here to serve you. Please call or stop by to talk with us and let us know how we can help. We pray you will have a successful hunt, but more than that, that you will have the time of your life! There is nothing like alligator hunting in south Florida! Enjoy!

Gator Taxidermy &
Meat Processing
- Buying Gators -

• First, we will purchase your alligators outright. Because of the volatility of the market we can not tell you exactly what your alligator will bring at this time, but I can promise you top dollar.

• Second, we can process your alligator. We are a state licensed processing facility. We can process your alligators meat, or, if you're in a hurry we can exchange your meat for fully processed, defatted, cubed and frozen vacuum sealed meat. You can swap your meat for your hide, swap your hide for your meat or just pay for processing.

• Third, we can mount your alligator. Anything from a simple head mount to a full body mount as a coffee table or an elaborate trophy mount for your trophy room.

Our work speaks for itself!
